

Client Testimonials

"Premier Surface Refinishing came and refinished my grandmother's antique claw foot tub. Not only did they do an amazing job, but Joe was true to his word all the way through. He showed up on time, cleaned up after himself, and made absolutely certain that the work was done to our satisfaction! I would recommend this company to anyone who is considering having this done. True professionals!!!!"

"I thought I would have to live forever with olive green tub and tile, but a call to Premier Surface Refinishing was the answer to my prayers. My bathroom got a clean, updated white. I was amazed that this could be completely finished in one day. Why did I wait so long?"

- Eileen K., Easthampton, MA

"My kitchen countertops went from damaged, ugly formica to a beautiful stone look, and I didn't have to spend a fortune on replacement and wait weeks for installation. A perfect job, Premier, THANKS!!"

- Tom M., Northfield, MA

I brought Joe a claw foot tub that was pretty banged up. When he called to say it was ready I couldn't believe my eyes! It looks brand new. I have another that will be headed his way soon.
